Harrisburg Global Academy

We will teach children to become leaders in their communities and create collaborators, communicators, and change makers both locally and globally by empowering children to lead and to learn, ensuring they meet their greatest potential.

WHAT MAKES US DIFFERENT

Workshop Model

A student-centered approach fostering collaborative and independent learning environments.

World Language Focus

Integrating global perspectives through dedicated language immersion and cultural awareness.

Accelerated Classes

Earn high school credits in ELA, Math, and Spanish through our rigorous advanced pathways.
